

Carrer Objective

Computer Science student with strong foundations in software development, data structures and problem-solving. Skilled in Python, C++, and developing scalable applications with experience in AI-driven solutions and software engineering practices.

Education

- **Bachelor of Technology in Computer Science and Engineering, JNTUH.** +91-8096425614 2023-27
Vardhaman College of Engineering, Shamshabad CGPA: 9.5
- **Intermediate in MPC, Telangana Board of Intermediate Education (TSBIE).** 2021-23
Narayana Junior College, Kuntloor CGPA: 9.86
- **Secondary School Certificate SSC, Telangana Board of Secondary Education (BSET).** 2021
Bhashyam High School, Meerpet CGPA: 10.0

Academic Projects

- **Intelligent Retrieval-Augmented Question Answering System using LLMs** Nov 2025-Feb 2026
RAG based AI system that delivers accurate, context-aware answers by combining document retrieval using LLM's
 - Implemented semantic document retrieval using vector embeddings to fetch the most relevant text chunks from a knowledge base
 - Developed an interactive web interface enabling users to query documents and receive real-time, AI-generated answers
 - Technology Used: Python, Langchain, ChromaDB, OpenAI/LLM APIs, Streamlit.
- **Movie Recommendation System** Jan - March 2025
A Machine Learning model that generates recommendations based on user-selected tiles.
 - Implemented TF-IDF vectorization on movie overviews and cosine similarity to compute similarity scores between films
 - Integrated the ML backend with a Streamlit web application, enabling real-time movie search and recommendations through an interactive UI
 - Enhanced recommendations using metadata features such as genres, keywords, cast, and crew for improved personalization
 - Technology Used: Python, Scikit-Learn, Pandas, NumPy, Streamlit.
- **Integrated Finance and Insurance Management Dashboard** July - October 2025
Transforming Financial Intelligence with Power BI
 - Analyzed finance and insurance datasets to track policy performance, claims, and financial metrics.
 - Designed and developed an interactive Power BI dashboard for unified financial and insurance insights.
 - Technology Used: Power BI

Internships

- **AI-Assisted Code Review Tool for Python** Feb 2026 – Apr 2026
Infosys Springboard Virtual
 - To automate Python code reviews by identifying style issues, performance bottlenecks, and potential bugs.
 - Using static analysis and large language models (LLMs), thereby reducing manual review time and improving overall code quality.
 - Automated Python code reviews via a CLI tool, reducing manual review effort and improving code quality consistency.
 - Implemented LLM-powered explanations to make review feedback actionable and developer-friendly.

Professional Training

- **Smart Interviews** May 2025 – Feb-2026
Data Structures and Algorithms Training Offline
 - Gained problem-solving skills and optimize algorithmic thinking.

Technical Skills

Languages: C | C++ | Python | Java | JavaScript

Web Development: JavaScript | HTML | CSS | MySQL

Networking: TCP/IP | Routing & Switching | Network Security Fundamentals | Socket Programming

Tools and Frameworks : Git-Hub | Visual Studio | Jupyter | Android Studio | Linux

Relevant Coursework: Data Structures & Algorithms | Machine Learning | Operating Systems | DBMS | NLP

Soft Skills: Communication | Teamwork | Adaptability

Certifications

- **Java Foundation Certificate from Infosys Springboard**-December 2025
- **Smart Interviews**-Diamond certified with a Global Rank of 1590
- **Cambridge Linguaskill Business English Certification** – B2 Level (CEFR)(December 2025)

Certificates

- * **Programming in Java**-Swayam, NPTEL, July - October 2024.
- * **Basics of python**-Infosys springboard November 2025
- * **Full Stack Web Development program certificate** June 2025
- * **Cisco Networking Basics** – Cisco Networking Academy
- * **Introduction to Data Science-Cisco** March 2026
- * **AWS Academy Graduate-Cloud foundations** January 2026

Achievements

- Selected for the internal round of the Smart India Hackathon (SIH).
- Achieved 3rd Position in CodeSprint Level 2(problem-solving) – Two Consecutive Years
- Published paper in IJIRT-April 2025
- State Level Qualifier in RBI Quiz 90
- Participated in organizing various activities and events.
